Excelling with a vast, exciting and innovative range of bathroom illuminated mirror/cabinet had facilitated us to the most pioneering company in China. MIRROR LIGHT has been striving for comprehensive and functional collections and yet no compromise in product quality and design ever since its beginning of journey. Not so long ago, the bathroom was perceived as a place that you designed in sober manner and visited as briefly as possible. It was frequently referred to simply as the “wet room” and as such, it lived up to its name. Today, things are totally different! Today, the bathroom has turned into a place that you could be at one with yourselves where stunning modern lighting scheme is complemented. Today, the bathroom is still a place of cleansing, but one that refreshes body and souls alike. Dedicated to the ultimate indulgence, we generate and embellish your bathroom with a premium collection of lighting mirrors and cabinets solutions. Manufactured using only the finest materials and superior production techniques, there’s also a stunning range of accessories that feature those added little luxuries to adorn your space with. Come and find out your choice of best.
Setting forth in 9 years ago, Mirror Light relied on its self-instinct for service levels, its eye for superb looking but high performing product and his entrepreneurial spirit to make itself the market leading company it is today.

Vincent Chan, president of Mirror Light has been dedicated to innovative bathroom lighting. With his passion, Vincent is excited to be bringing his knowledge, expertise and most of all, enthusiasm for the bathroom industry. As indicated, Mirror Light values every business partner as dearest friend as human beings need fresh air for living support.

OUR PASSION

Friendship comes first in cooperation

“Many people have the wrong idea of what constitutes happiness. It is not obtained by self-gratification but through fidelity to a worthy purpose.”

Fulfillment of mutual economic benefit shall not be simply concluded as what Mirror Light aims at. A stable and long-lasting relationship is what Mirror Light always focus on. Together with Mirror Light, let’s create life of lighting.
FEATURES
For best advantages

Product passed IP44 waterproof grade which means it could be used in bathroom environment.

Application of LED lighting to ensure perfect performance. Combination with various LED lighting configurations, together to build on modern bathroom lighting style.

Tunnel formation by adding RGB lighting. Play music by connecting your MP3/MP4 device to the Aux input.

Our magic line is turned on and off using a no touched infrared switch. When an object comes with 1.5m diameters, the mirror will be turned off and picture vanished into a piece of mirror. Whereas object sensed, picture appears with lighting on.

Products circle hung mirror, landscape or portrait to suite modern urban spaces.

Products can be customized in any desirable size.Suit for different types of the style.

Products can be customized to keep desirable lighting ratios. In addition to create colorful bathroom lighting.

Integrated demister pad in mirror door. Within one to two minutes the pad heats the mirror to a few degrees above room temperature, keeping the covered area of the mirror door clear.

Products can be customized to any desirable lighting colors. Formulated to create colorful bathroom lighting.

Simply wave your hand by the sensor to turn the light on or off.

An ideal perfect match to classic make up mirrors. With a soft close pull to open in handleless design.

Three ways of installation as indicated, table top, wall mounted & against the wall.

Play music or listen to internet radio from your smart phone or other Bluetooth devices. Entertainment in bathroom with Vibe & Pulse.

Latest touching controls technology by Mirror Light. With a smart product, keen some mirrors into multi-functions to create joyful experiences.

Diverse color selection. Angling chrome silver powder coated, USB port, Aux.

Integrated demister pad in mirror door. Within a few seconds, it heats the mirror to a few degrees above room temperature, keeping the covered area of the mirror door clear.

Three ways of installation as indicated, table top, wall mounted & against the wall.

Optimal. A portable magnifying mirror is optional for mirrors, can be hung or removed easily by magnet.

Small built-in magnifying mirror, in genuine design. Press the mirror button on your illuminated scheme.

Rota-dimmer switch to control on and off of mirror at any sign of sagging style.

Modern style tempered glass shelf for extra storage purpose.

Built-in digital clock. Modern style tempered glass shelf for extra storage purpose.

In genuine design options either round frosted illuminated or non-illuminated scheme.

Modern style tempered glass shelf for extra storage purpose.

Integrated power socket for hair drier in modern design.

Wireless recharging. Modern style tempered glass shelf for extra storage purpose.

Fitted USB port for phone recharging.

To cater to various bathroom requirements, a fine selection of chic designs in bigger sizes is ready for you. With high-quality fittings and clever details, our Dress mirrors are in different designs, offering convenient, classic and good lighting.
**FANTASTIC**

Key Features:
- Ideal sizes for dressing up
- 12V/24V LED strips
- Customized LED color temperature & Lumen
- Bright crystal glass
- Motion sensor
- Integrated demister pad
- Customized sizes
Mirror Light Bathroom Technology

**FANTASTIC**

**Key Features:**
- Ideal sizes for dressing up
- 12V/24V LED strips
- Customized LED color temperature & Lumen
- Chrome plated
- Bright crystal glass
- Motion sensor
- Integrated demister pad
- Customized sizes

**Specifications:**
- Size: 1000x600mm
- Material: Aluminium alloy
- Lighting: 12V/24V LED strips
- Installation: wall mounted

**MF002**
FANTASTIC

Key Features:
- Ideal sizes for dressing up
- Customized LED color temperature & Lumen
- Chrome plated
- Bright crystal glass
- Motion sensor
- Integrated demister pad
- Customized sizes

Mirror Light Bathroom Technology

MF003
- Size: 1200x600mm
- Material: Aluminium alloy
- Lighting: 12V/24V LED strips
- Installation: wall mounted

ILLUMINATED & MIRRORS
**FANTASTIC**

**Key Features:**
- Ideal sizes for dressing up
- 12V/24V LED strips
- Customized LED color temperature & Lumen
- Silver anodized
- Bright crystal glass
- Motion sensor
- Integrated demister pad
- Customized sizes

Mirror Light Bathroom Technology

**MF004**

Size: 1200x400mm
Material: Aluminium alloy
Lighting: 12V/24V LED strips
Installation: Wall mounted

ILLUMINATED & MIRRORS
FANTASTIC

Key Features:
- Ideal sizes for dressing up
- 12V/24V LED strips, customizable LED color temperature & Lumen
- Chrome plated
- Bright crystal glass
- Motion sensor
- Integrated demister pad
- Customized sizes

MF001
- Size: 1200x600mm
- Material: Aluminium alloy
- Lighting: 12V/24V LED strips
- Installation: wall mounted
FANTASTIC

Key Features:
- Ideal sizes for dressing up
- 12V/24V LED strips
- Customized LED color temperature & Lumen
- Bright crystal glass
- Motion sensor
- Integrated demister pad
- Customized sizes
FANTASTIC

Key Features:
- Ideal sizes for dressing up your bathroom
- 12V/24V LED strips
- Customized LED color temperature & Lumen settings
- Silver anodized aluminum
- Bright crystal glass
- Motion sensor
- Integrated demister pad
- Customized sizes

Size: 1200x600mm
Material: Aluminium 6063
Lighting: 120-240V LED strips
Installation: wall-mounted
FANTASTIC

Key Features:
- Ideal sizes for dressing up
- 12V/24V LED strips: Customized LED color temperature & Lumen
- Silver anodized
- Bright crystal glass
- Motion sensor
- Integrated demister pad
- Customized sizes

Mirror Light Bathroom Technology

MF007

Size: 1200x600mm
Material: Aluminium alloy
Lighting: 12V/24V LED strips
Installation: Wall mounted
MF008

Size: 1200x800mm
Material: Aluminium
Lighting: 12V/24V LED strips
Installation: wall mounted

Key Features:
- Ideal sizes for dressing up
- Customized LED color temperature & Lumen
- Bright crystal glass
- Motion sensor
- Integrated demister pad
- Customized sizes
